

Destruction of Spring Bulbs. We have been very concerned to see the wanton destruction of the spring bulbs which were emerging near The Forge. The Environment Group have given much time and effort to enhance the appearance of the village for the benefit of us all only to have their efforts destroyed by the mindless behaviour of a few youngsters. We would ask parents to be aware of what their children are doing when out of the home and to make them realise that this is not acceptable behaviour.

Wildlife Walk. Readers may like to note in their diaries for May a Wildlife Walk at Murlsey led by local Naturalist Peter Price and organised by Berkshire, Buckinghamshire and Oxfordshire Naturalist's Trust (BBONT). It is hoped that it will be possible to see resident and migrant birds and other wildlife in the open fields and copses around one of the highest points in North Bucks. Meet at the first sharp bend in Cooks Lane, which runs east from Main Street (across from the church) towards the twin radio masts. Wear wellies and bring binoculars. Information: Roger Jefcoate, Mursley 533 or Peter Price, Mursley 321.

Gas Supply to Soulbury. At the time of going to press it seems that we may now have the required number of signatories for this to go ahead. If this is so it is hoped to arrange an open evening in the near future at which representatives with their literature will be present to show the full range of gas appliances now available.
