

We have been asked once again to plead with car owners to take care over where they park, especially around Chapel Hill. Blocking driveways is extremely annoying and double parking can obstruct the access of emergency vehicles to the houses in Chapel Hill. The policeman has pointed out that parking on the High Road is a feasible alternative.

We would like to say thank you to the youngsters who have repainted the bus shelter. They have made a great improvement to it, and done it very thoroughly. Long may it last!
