## YOUR NEWSLETTER

This month sees something of a change in the Soulbury Newsletter as Daphne Booth, the Editor for its eleven years of publication and indeed one of its instigators, has sadly decided to retire. During those years she has set a very high standard and has been determined in maintaining this. We shall miss her and her splendid use of words. Rachael Hewitt has been involved in taking the master copy to Aylesbury for photocopying, and we would like to thank her very much for her reliable service. Another regular helper for some years has been the typist Maureen Payne. Her assistance has been very much appreciated.

So what now? The Women's Fellowship are setting up an Editorial Committee, with no one person as Editor at the moment, but they do need help. If you would like to continue to see items of interest in the Newsletter, then please write your contributions down, or ask someone else to, and hand them in or telephone one of the people listed at the foot of the Newsletter, by the date given. Perhaps you attend an activity in the locality which you think others might like to know about, in which case please give us the details and we can publicise it. With your help we hope the Newsletter will remain an important link in our small community.

## EDITOR'S FINALE

As you will have read elsewhere, I have now resigned from editorship of the Newsletter, but I cannot do so without paying tribute to all those who have worked with me over the years and perhaps drawing attention to what that has involved. I thank those who have given up their lunch hours to do the typing or to deliver the originals and collect the copies; to the editorial team who turned out in all weathers to come to my house to decide Newsletter content; to all those who have gone out, rain or shine, or ice, to deliver them and gone back time after time to collect some of the payments. Lastly I should like to thank those who have supported us by buying the Newsletter. To me it has been a source of no small pleasure to feel that as a team we have produced something which has proved itself of worth to the village and which I am sure will continue even more successfully in the hands of those who remain to provide continuity, strengthened by new members and new ideas. Finally, I should like to thank those who have been kind enough to compliment me on the Newsletter. I hope I have shown that the praise should be much more widely spread.
